Learn Italian in Italy!

Asei School is a training center specialized in planning and managing training programs targeted to both the business and private sectors, to provide real learning opportunities that will prove useful in the workplace.

Language training

Lessons will be held by qualified teachers, in comfortable settings with small homogeneous groups.

The lessons are intended for people who want to discover the Italian language thanks to a short but challenging introductory course.

Our courses are based on active and practical communication. Our aim is to create a relaxed friendly atmosphere, where our students can feel at ease as part of a group in which learning is enjoyable and stimulating.
